About

I am the founder of Performance Sonification Corp., a company that builds, tests, and develops motion sonification units for use in high-performance athletics. We build ultra fast, ultra low-latency embedded sensor systems (wearables) that track body position and convert it into sound. This deeply integrative work combines neuroscience, phenomenology, and sport engineering. I was previously a university professor and postdoctoral researcher. I continue to work as a sessional lecturer.

Academic Appointments

- 2022. [University of British Columbia](#) (BC, Canada): Philosophy Lecturer.
- 2020–21. [York University](#) (ON, Canada): Philosophy and Cognitive Science Instructor.
- 2018–20. [University of Toronto](#) (ON, Canada): Postdoctoral Research Fellow at the Network for Sensory Research.
- 2018. [Lebanon Valley College](#) (PA, United States): Philosophy Instructor.
- 2016–17. [Kutztown University of Pennsylvania](#) (PA, United States): Visiting Assistant Professor of Philosophy.
- 11–12, 16. [Lone Star College](#) (TX, United States): Philosophy Instructor.
- 2012–13. [Rice University](#) (TX, United States): Research Assistant for The Senses Project at Rice.
- 2011. [Houston Community College](#) (TX, United States): Philosophy Instructor.

Education

- 2015. Ph.D. Philosophy. Rice University.
- 2011. M.A. Philosophy. Rice University.
- 2009. B.A. Philosophy, minors in Maths and Physics. Kutztown University of Pennsylvania.
